WASHINGTON OPERATIONS

IN REPLY
REFER TO

Interoperability Test Panel, Chairman

10 February 2004

MEMORANDUM FOR HQ US AIR FORCE, AFRC/SCXI, ATTN: MR. ROBERT L.
THARP

SUBJECT: Interim Certificate to Operate (ICTO) for ADTRAN ATLAS
890 Switch

Reference: CJCSI 6212.01C, Interoperability and Supportability of National
Security Systems and Information Technology Systems

1. In accordance with the authority provided by the reference, the Interoperability Test Panel (ITP) concurs with your request for an Interim Certificate to Operate (ICTO) for the ADTRAN ATLAS 890 Switch. The ITP bases this concurrence of this ICTO on your identified urgent operational requirement to field this system and the interoperability test scheduling difficulties which caused the scheduled test to be deferred until March 2004.
2. The ITP Chairman concurs with the recommendations of the Joint Interoperability Test Command (JITC) and the ITP members to grant an ICTO for use of the ADTRAN ATLAS 890 Switch pending completion of interoperability test certification. This ICTO is effective beginning 23 January 2004 and expires on 30 May 2004.
3. If, at the end of this ICTO, the ADTRAN ATLAS 890 Switch has not been interoperability certified or the ITP has not granted an ICTO extension, the ITP will consider it as a candidate for removal from operational use.
4. The JITC point of contact is Mr. Joe Peeples, DSN 354-2802, Commercial (301) 744-2802, fax (301) 744-2688, or email: peeplesj@ncr.disa.mil.

WILLIAM J. MORROW, JR.
Lt Col, USAF
Acting Chairman, ITP
